

WINDWARD SOFTWARE AND VGM CANADA RENEW PARTNERSHIP

Parties will work together to power Canadian medical supply businesses.

PENTICTON, B.C., MAY 30, 2019 – FOR IMMEDIATE RELEASE

Windward Software is pleased to announce that it has renewed its strategic alliance with member service organization, **VGM Canada**.

Having worked together since 2016, both parties decided this month to formally extend their relationship for a **minimum of two years**. Under the updated agreement, Windward Software will be recognized and promoted by VGM Canada to its members as a **preferred provider of business management software solutions**.

Windward Software's flagship product, *Windward System Five*, a **proven solution for the medical supply industry**, is available in both a local server-based platform (*Windward System Five Classic*) and a cloud-based platform (*Windward System Five on Cloud*).

"Windward Software looks forward to working closely with VGM Canada and its members in providing and supporting *Windward System Five*." stated **Windward Software Chief Operating Officer, Erna Hansen**. "In addition, we are enthusiastic to actively promote the significant benefits that VGM Canada brings to medical supply retailers across the country."

Steve Cranna, Director of New Business Development & Government Relations at VGM Canada, shares an energetic and positive outlook pertaining to the renewed agreement:

"VGM Canada recognizes that our members can benefit from implementing an integrated business management system, especially one with a very successful industry track record, such as *Windward System Five*. We are excited to continue to work with Windward Software to ensure that our members readily have the option of acquiring a leading solution that will cater to all of their needs."

ABOUT VGM CANADA

Founded in 1998 and based in Oakville, Ontario, VGM Canada members consist of **independent medical supply businesses** across Canada. The member service organization has a proven track record of working with premium suppliers in the **Home Medical Equipment (HME)** and **Durable Medical Equipment (DME)** industries, providing members with sources of leading quality equipment, marketing initiatives, networking opportunities, and the provision of up-to-date education on medical supply industry trends and insights.
