Why Add Rental Functionality?

System Five Rentals helps you get customers in and out quickly, controls rental inventory, gives instant visibility to rental availability, and helps identify rental conflicts so you can resolve them before they cause issues. You can even sell consumables on the same invoice. Earn more profit by having a full understanding of your rental utilization, and more.

Renew Rentals

Renew Rentals report generates monthly billing for long-term equipment in just a few clicks.

Pre-Rental Checklists

Enforce safety checklists to ensure customers receive an operational, safe, & clean unit.

Rental Rates

Set your weekend rates, assign contractors to price schedules, & sell rental assets when it's time.
